

## Comet Technical Specifications

Physical	
Length	2000mm
Width	77mm
Height	125mm
Weight	5kg
Socket Options	Supplied with 2m cabytre and plugtop.
IP Rating	IP 56 is standard. IP 65 on request. Splash proof for wet environments
Performance	
Voltage	The Comet requires 230V AC 50Hz as standard. 110V and 24V DC are also optional.
Circuit Load + Lumens	White only: 240W, 4000K or 5000K or 6500K – 40800 lumens (640 $\mu\text{Mol}$ ) White + Far Red: 270W - 44366 lumens (700 $\mu\text{Mol}$ ) Please note: losses will occur through the lens. Please refer to IES files for accuracy.
Power Factor	Better than 0.95
Dimmable	Standard, if supplied with our power bar, then switches are supplied; one for far red and another for 'sun-like' white. DALI: Optional. DMX: Optional. KNX: Optional. 0-10/ 1-10V: Optional.
Operating Temp Range	-20°C to +45°C
